Cloud Management Solution

Your clients' networks host more connected devices than ever before, and their expectations for them all to work seamlessly are higher than ever. With Luxul ProWatch, monitor and manage every device on the network to proactively respond to issues while avoiding truck rolls for simple system management tasks.

With the following features, enjoy peace of mind knowing your clients' systems will be accessible at any time from anywhere:

- Receive notifications when devices fall offline

- Perform firmware updates on select Luxul routers and access points

- Customizable alerts

- Site-level status indicators for offline devices and firmware updates

- Access sites in map or list views

- Configure devices remotely via web user interfaces

- Remotely power cycle PDUs and PoE switches
